

Dear Neighbor and Community Supporter,

We are excited to announce that the 2024 Sharing Kindness Suicide Awareness Walk will be held on Saturday, May 18th at Veterans Beach Park in Hyannis. As you may know, the rate of suicide deaths on the Cape & Islands is among the highest in Massachusetts. This walk brings together families, friends and community members to remember those who have died by suicide, provide resources for survivors of suicide loss, support those who are struggling with mental health and raise awareness of mental health challenges in our community.

We respectfully request that your business consider becoming a sponsor for this year's Suicide Awareness Walk. All funds raised remain here in our community and this support will allow us to continue to develop and expand offerings, increasing the impact of our suicide prevention and grief support programming across the Cape & Islands. In this packet, you will find more information about the specific programs we offer.

If you are interested in walking, or better yet, forming a team of walkers, there is a \$10 charge to register and walk (this fee is waived for sponsors). Each person that raises a minimum \$25 will receive an End the Silence T-shirt. We also welcome in-kind donations of products and services to ensure a successful day, and your posting flyers at your business or on your social media helps greatly.

This walk is truly a remarkable event, please join us.

Gratefully,

A handwritten signature in cursive script that reads "Kimberely Mead-Walters MD".

Kimberely Mead-Walters, M.D.

Executive Director and Co-Founder, Sharing Kindness, Inc.

Your Donation's Impact

Education & Training

Our nonprofit frequently participates in panel discussions, presentations and documentary showings focused on suicide and brain health, with the goal of creating a more understanding, empathic community for those at risk. We also lead trainings in QPR (Question, Persuade, Refer), an evidence-based gatekeeper training for suicide prevention.

Hope Squad

We offer support, funding and oversight to schools for Hope Squad, a peer-to-peer, evidence-based, suicide prevention program that reduces youth suicide risk through education, training and peer intervention.

Peer Grief Support

Sharing Kindness offers free peer grief support programs for specific age groups, relationships and types of loss, which are led by trained clinicians and volunteer co-facilitators. Funds from this event benefit our suicide-specific grief programs, including those for suicide loss survivors and suicide attempt survivors, with separate groups for the families/friends of attempt survivors.
